Professional Partnerships. Where Relationships Matter.

Backed by 20+ years of Army, federal contracting and logistics leadership, from Special Operations to South Florida.

When the air conditioning fails, an elevator stops or a pipe bursts, a public facility stops serving people. The HEELPP trades keep South Florida's government buildings open, safe and compliant. GMS brings them together under one SDVOSB prime, teaming with Florida-licensed local contractors in Miami-Dade, Broward, Monroe and Palm Beach.

H	E	E	L	P	P
HVAC	**Elevator**	**Electrical**	**Lawn Care**	**Plumbing**	**Painting**
Cooling and air quality in Florida heat	Safe, accessible vertical access	Power for every system and service	Safe, well-kept grounds and entrances	Water, sanitation and code compliance	Protection from sun, salt and humidity

NAVIGATING FEDERAL, STATE & LOCAL CONTRACTING

Every level of government has its own rules, portals and paperwork. GMS handles that side, so licensed trade partners can focus on the work and buyers get one accountable point of contact.

Federal	SAM registration, set-aside strategy, FAR compliance and contract administration, led by a former warranted Army Contracting Officer.
State	Florida vendor registration, certifications and bid packages, with licensed work performed under each partner's Florida license.
County & City	Bid portals, small-business programs and local compliance in Miami-Dade, Broward, Monroe and Palm Beach.

GMS: proposals, scheduling, partner oversight, reporting, invoicing and compliance.

Teaming partners: licensed trade work, permits and inspections.

OWNER EXPERIENCE — 20+ YEARS IN FEDERAL CONTRACTING & LOGISTICS

Pedro Pacheco, PMP, CFCM · U.S. Army Major (Ret.)
